

I am a UX & Product Designer with experience working on Web, App, SaaS Applications and other digital products. My passion for problem solving and empathetic nature has landed me in the world of UX design. I aspire to collaborate with and learn from a diverse group of designers to create playful, innovative and meaningful products.

EXPERIENCE

UX Design Intern FIGURE-8 (Museum of Ice Cream)

Worked on company's website, its ticketing platform and the internal control center dashboard. Designed an integrated interface that provides connected control functions to optimize visitor experience, manage inventory, control and maintain the building and centralize staff and operations management. Worked closely with a team of UX researchers, designers, copy writer, developer and managers.
